

Program and Course Outcomes Alignment Worksheet

Course Number _____ Course Name _____

Faculty Contributors _____

List the program outcomes that are addressed by this course and identify the specific student work in the course that can be used to document evidence of achievement for each relevant outcome. Student work may be collected through systematic sampling, i.e. the evidence need not be collected from every student, or at every offering of the course.

Program Outcome	Student Work (e.g. homework, answers to particular exam questions, assignments, presentations, student feedback)
